Long Beach Unified School District, BEN 143528, respectfully petitions the Federal Communications Commission to waive its rules regarding the deadline for correcting ministerial errors on the Form 471 as well as the deadline for internal connections service installation and invoicing for the following two FRNs: Form 471 Application No. 680511<sup>i</sup>, FRN 1858680<sup>ii</sup> and FRN 1858766<sup>iii</sup>.

On July 1, 2010, The Kendrick Group was retained for full services as Long Beach Unified School District's E-Rate consultant<sup>iv</sup>. A few weeks later we were told of a minor error in the vendor's contract expiration date that prevented invoices from being processed and we corrected this. Again the vendor's invoice was rejected<sup>v</sup>. It was at this point we reviewed the Form 471 and quickly found the error of the internal connections being filed as recurring costs.

The district had previously filed a RAL correction<sup>vi</sup> for the funding amounts on both FRNs. We contacted USAC then filed the second RAL correction on August 2, 2010<sup>vii</sup> after learning of the error. This RAL correction was to correct the Block 5, Item 23 error moving the funding requests from recurring costs in Block 5, Items 23A-23E to the correct location of the nonrecurring costs in Block 5, Items 23F-23H.

On August 25, 2010, the Schools and Libraries Division sent a letter of denial<sup>viii</sup>. We had not filed an appeal but had requested a second RAL correction. We felt that since the Federal Communications Commission has stated in Bishop Perry that corrections had to be made 15 days after USAC has notified the beneficiary, we could still file a RAL correction since the district had not been notified of this error. In using the general information on the 471 RAL as notification of errors it is not possible for the beneficiary to catch errors such as this one when they believe they are in compliance with the instructions in the filing. In the SLD's own documents<sup>ix</sup> it states many times, "...can be corrected by applicants within 15 days of notification by USAC." The key words here are "notification by USAC."

The RAL itself is not notification of this type of error. If an applicant firmly believes that the rules state you must break the nonrecurring costs of internal connections into 12 monthly payments if you plan to make progress payments to the vendor, this would not set off any alarms.

With the denial of the RAL correction we must now respectfully request that you provide Long Beach Unified School District with the waiver to undo this ministerial error. There was no intentional error made. It was done out of a misunderstanding of the Form 471 instructions<sup>x</sup> for Block 5, Item 23.

Long Beach has retained our consulting services to manage its E-Rate program and to eliminate these types of errors. E-Rate is our full time job where in school districts it is another added burden to the already over worked staff.

We have attached all the pertinent documents as exhibits. We respectfully request the granting of this waiver as it will not affect the committed funding amounts or the services and hardware to be installed. The denial of this waiver request would greatly hinder the technology modernization project of Long Beach's network infrastructure.

Your granting of this waiver would bring a large portion of Long Beach's children up to speed in the 21<sup>st</sup> Century with a modern high speed internet connection.

Respectfully,

Gary Kendrick

26.  I certify that all of the schools and libraries or library consortia listed in Block 4 of this application are covered by technology plans that are written, that cover all 12 months of the funding year, and that have been or will be approved by a state or other authorized body, and an SLD-certified technology plan approver, prior to the commencement of service. The plans are written at the following level(s):

Sec. 54.500(k). Additionally, I certify that the Billed Entity has not received anything of value or a promise of anything of value, other than services and equipment requested under this form, from the service provider(s) or any representative or agent thereof or any consultant in connection with this request for services.
30.  I certify that I and the entity(ies) I represent have complied with all program rules and I acknowledge that failure to do so may result in denial of discount funding and/or cancellation of funding commitments. There are signed contracts covering all of the services listed on this Form 471 except for those services provided under non-contracted tariffed or month-to-month arrangements. I acknowledge that failure to comply with program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.
31.  I acknowledge that the discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, receive an appropriate share of benefits from those services.
32.  I certify that I will retain required documents for a period of at least five years after the last day of service delivered. I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts, and that if audited, I will make such records available to the Administrator. I acknowledge that I may be audited pursuant to participation in the schools and libraries program.

I certify that I am authorized to submit this request on behalf of the eligible entity (ies) listed on this application, that I have examined this request, that all of the information on this form is true and correct to the best of my knowledge, that the entities that are receiving discounts pursuant to this application have complied with the terms, conditions and purposes of this program, that no kickbacks were paid to anyone and that false statements on this form can be punished by fine or forfeiture under the Communications Act, 47 U.S.C. Secs. 502, 503(b), or fine or imprisonment under the Title 18 of the United States Code, 18 U.S.C. Sec. 1001 and civil violations of the False Claims Act.
34.  I acknowledge that FCC rules provide that persons who have been convicted of criminal violations or held civilly liable for certain acts arising from their participation in the schools and libraries support mechanism are subject to suspension and debarment from the program. I will institute reasonable measures to be informed, and will notify USAC should I be informed or become aware that I or any of the entities listed on this application, or any person associated in any way with my entity and/or entities listed on this application, is convicted of a criminal violation or held civilly liable for acts arising from their participation in the schools and libraries support mechanism.

35.  I certify that if any of the Funding Requests on this Form 471 are for discounts for products or services that contain both eligible and ineligible components, that I have allocated the cost of the contract to eligible and ineligible companies as required by the Commission's rules at 47 C.F.R. Sec. 54.504(g)(1),(2).
36.  I certify that this funding request does not constitute a request for internal connections services, except basic maintenance services, in violation of the Commission requirement that eligible entities are not eligible for such support more than twice every five funding years beginning with Funding Year 2005 as required by the Commission's rules at 47 C.F.R. Sec. 54.506(c).
37.  I certify that the non-discounted portion of the costs for eligible services will not be paid by the service provider. The pre-discount costs of eligible services features on this Form 471 are net of any rebates or discounts offered by the service provider. I acknowledge that, for the purpose of this rule, the provision, by the provider of a supported service, of free services or products unrelated to the supported service or product constitutes a rebate of some or all of the cost of the supported services.

RAL Corrections  
Schools and Libraries Division - Correspondence Unit  
30 Lanidex Plaza West  
PO Box 685  
Parsippany, NJ 07054-0685

Dear SLD Staff:

Long Beach Unified School District requests to correct FY 2008, Form 471 application 680511 Block 5, Item 23, as allowed in the FCC decision FCC 06-54 also known as the Bishop-Perry Order.

The order states *“The SLD, however, shall continue to work beyond the 15 days with applicants attempting in good faith to amend their applications.”*

In the filing of application 680511 FRN’s 1858680 and 1858766 the dollar amounts were inadvertently posted in Item 23a and not 23f. The person filing the application had the misconception that if the District was to make multiple payments to the vendor then the District should file under Item 23a. The person was not aware that by entering the dollar amounts into Item 23a that they would restrict the time frame for internal connections.

The confusion was over this part of the Form 471 instructions:

*“If you expect to pay a non-recurring charge in multiple installments over the funding year, you should either amortize this charge in Items 23A-23E or include the full amount of this charge in Items 23F-23H. DO NOT include this amount under both recurring and non-recurring charges.”*  
(emphasis added)

The applicant Long Beach Unified School District had filed previous years using the same Block 5, Item 23a without question or denial. On application 680511 the invoices by the vendor submitted to the SLD after June 30, 2010 we denied. Hardware was delivered after June 30, 2010.

Application 680511 was filed under internal connections for both FRN’s 1858680 and 1858766. Internal connections would default to be non-recurring costs (Block 5, Item 23f). Only leased services and or hardware would be recurring charges (Block 5, Item 23a) and would require certifications by the District that they would never take possession of the leased hardware.

During PIA, the question was never raised in regards to the recurring vs. non-recurring costs selection in Block 5, Item 23. The contract submitted does not reflect nor support recurring costs. We concede that the narrative attached as the cover and the Block 5, Item 23 are the only

items that support the recurring costs. Not the actual contract. This conflict should have raised questions during PIA.

Bishop-Perry states:

“<sup>63</sup> Applicants will be presumed to have received notice five days after such notice is postmarked by the SLD. The SLD, however, shall continue to work beyond the 15 days with applicants attempting in good faith to amend their applications. This 15-day opportunity to refile or amend applications exists only where applicants have attempted to file their FCC Form 470 and FCC Form 471 within the filing window. If applicants miss the filing window entirely, they would need to file a request for waiver of the deadline with the Commission.”

The SLD failed to notify Long Beach of any error on application 680511. The intent of Bishop-Perry is to allow correction such as these. The effect of this correction only allows the District to complete its project like a normal internal connections project which it is. No dollar amounts change, no hardware changes, just moving the calculations into the proper Block 5, Item 23 location.

The Form 471 RAL notice to correct does not state the error but is just a general notice and a deadline. The SLD does not notify the District of an error but only the right to correct any errors IF found. This has no effect unless the applicant knows of the error at the time of the RAL.

In this case, Long Beach thought they had filed the application 680511 correctly since previous years were filed the same way and were processed without question.

We ask that The SLD make the corrections to Block 5, Item 23 as reflected in Attachment “A”.

A Form 500 has been filed extending the contract deadline until September 30, 2010. We left that as is and will let the Form 500 correct the contract end date.

The SLD has the authority to correct this item under the Bishop-Perry Decision. Not to grant this correction will cause irreparable harm to both the district’s children and the vendor.

Sincerely,

A handwritten signature in black ink that reads "Gary Kendrick". The signature is written in a cursive, flowing style.

Re: Applicant Name: LONG BEACH UNIF SCHOOL DIST  
Billed Entity Number: 143528  
Form 471 Application Number: 680511  
Funding Request Number(s): 1858680, 1858766  
Decision Letter Date: January 19, 2010  
Date Appeal Postmarked: August 02, 2010  
Your Correspondence Dated: August 02, 2010

Our records show that your appeal was postmarked more than 60 days after the date your Funding Commitment Decision Letter was issued, as shown above. Federal Communications Commission (FCC) rules require applicants to postmark appeals within 60 days of the date on the decision letter being appealed. FCC rules do not permit the Universal Service Administrative Company (USAC) to consider your appeal.

If you believe there is a basis for further examination of your application, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be POSTMARKED within 60 days of the above date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

## **Important Notice Regarding Correctable Errors on FCC Forms 470 and 471**

In the recent *Bishop Perry Order*,<sup>1</sup> the FCC directed USAC “to provide all E-rate applicants with an opportunity to cure ministerial and clerical errors on their FCC Form 470 or FCC Form 471, and an additional opportunity to file the required certifications.”<sup>2</sup> The FCC further indicated that “applicants shall have 15 calendar days from the date of the receipt of notice in writing by USAC to amend or refile the FCC Form 470, FCC Form 471 or associated certifications.”<sup>3</sup>

USAC is publishing this list of correctable errors today. Errors are broken into the following categories:

- A. Errors on Forms 470 that were previously Minimum Process Standards rejections. These corrections must be made before the Form 470 can be posted, which starts the 28-day clock.
- B. Errors on Forms 470 that can be corrected by amending the Form 470. These corrections are made to forms that are already posted, and do not affect the 28-day clock.
- C. Errors on Forms 471 that were previously Minimum Process Standards rejections. These corrections must be made before the Form 471 can be data entered and reviewed.
- D. Errors on Form 471 that can be corrected by amending the Form 471. These corrections are made to forms that are already data entered.

Applicants who completed applications during the window, but who did not certify within the window, will be given 15 days to submit their certification. In order to take advantage of this, your application must be received by USAC during the window and the only thing that was missing was the certification.

### Notification for FY2006

**All Applicants who applied in FY 2006 (whether you have received your FCDL or not) should carefully review all of the corrections that can be made to their forms.** Applicants have 15 days, starting on July 14, 2006 to provide USAC with any allowable corrections. Corrections are due on August 2, 2006.

Because the filing window for FY 2006 has already closed, and all Forms 470 had to be posted for at least 28 days before the close of the window, only some of the errors for the Form 470 can be corrected at this time. They are:

1. Form 470 Certification submission deadline
2. Form 470 Certification received by USAC but missing a signature
3. Form 470 Contact person name changes
4. Form 470 Item 17 – List of Billed Entities

All correctable errors listed for the Form 471 are correctable now.

Starting with FY 2007, applicants will be able to take full advantage of the complete list of correctable errors.

### How to Correct an Error for FY 2006 Form

Applicants who wish to submit a correction should follow the instructions listed on page 4 of the [RAL](#) for making changes.

Allowable corrections received within 15 days of notification from USAC will be reflected in the Funding Commitment Decision Letter.

### **USAC List of Correctable Ministerial and Clerical Errors**

In the recent *Bishop Perry Order*,<sup>4</sup> the FCC directed USAC “to provide all E-rate applicants with an opportunity to cure ministerial and clerical errors on their FCC Form 470 or FCC Form 471, and an additional opportunity to file the required certifications.”<sup>5</sup> After receiving notification from USAC, applicants will have 15 calendar days to correct these errors. (It should be noted that applicants always have the option of correcting any error on a form by resubmitting that form, as long as they can comply with the any necessary deadlines.)

The following list explains which items on the FCC Form 470 and FCC Form 471 can be corrected by applicants within 15 days of notification by USAC.

#### ***FCC Form 470***

There are two categories of errors that can be corrected without refileing the Form 470. Correction to items listed in the first category, Minimum Processing Standards Errors, with the exception of the Certification Deadline and the Authorized Person Signature, *must be received by USAC before the form can be posted, which starts your 28-day clock.* Corrections to the second category, Errors that can be corrected by amending the Form 470, can be made after the Form 470 has been posted.

#### ***A. Minimum Processing Standards Errors***

The following items previously listed in the FCC Form 470 Instructions as Minimum Processing Standards will no longer be cause for automatic rejection. However, USAC must receive the missing information within 15 days of notification from USAC before the FCC Form 470 can be posted. The 28-day clock starts once the form is posted. It should be noted that if you are going to take full advantage of the time to make corrections, that will require at least 43 days to process (15 days to correct plus 28 days for posting.) **If you do not provide the information within 15 days, your form will be rejected for failing Minimum Process Standards and any FRN on a Form 471 will be denied.** To avoid these errors, USAC encourages applicants to use the Apply Online system.

<b>ERROR LOCATION</b>	<b>CORRECTIVE ACTION ALLOWED</b>
FCC Form 470 – Funding Year Specific	Applicants who use the wrong version of the form from a prior funding year can make corrections to the correct version of the form within 15 days of notification from USAC. <b>This item is required before the form can be posted which starts the 28-day posting requirement.</b>

<sup>4</sup> *Request for Review of the Decision of the Universal Service Administrator by Bishop Perry Middle School, New Orleans, LA*, CC Docket No. 02-6, Order, FCC 06-54 (2006) (*Bishop Perry Order*).

<sup>5</sup> *Id.* ¶ 23.

<b>ERROR LOCATION</b>	<b>CORRECTIVE ACTION ALLOWED</b>
FCC Form 470 Block 1 Items 1 and 3 Applicant Name and Contact Information	As long as there is sufficient contact information on the form to be able to make contact with someone, applicants can provide the missing contact information within 15 days of notification from USAC. <b>This information is required before the form can be posted which starts the 28-day posting requirement.</b>
FCC Form 470 Block 2 Items 8, 9, 10, and 11 Summary Description of Needs or Services Requested (Telecommunications Services, Internet Access, Internal Connections Other than Basic Maintenance, and Basic Maintenance of Internal Connections)	Applicants who did not enter <i>any</i> information in <i>any</i> of these items can correct this error by providing the missing information within 15 days of notification from USAC. <b>This information is required before the form can be posted which starts the 28-day posting requirement.</b>  Applicants who seek to correct information already posted for these items or who want to add a category of service that was not entered when the form was posted will <b>not be allowed</b> to make those corrections. Paper filers can correct these items before their form is posted, and online filers can file a new Form 470 as long as there is still time in the filing window.
FCC Form 470 certification submission deadline	For applications completed within the filing window, applicants can file the certifications within 15 days of notification from USAC.
FCC Form 470 Block 5 Item 27 Signature of Authorized Person	Applicants who forget to sign their certification page can correct this error within 15 days of notification by USAC. <b>To avoid this error, USAC encourages applicants to use their PIN to e-certify.</b>

*B. Errors that can be corrected by amending the Form 470*

For the items listed below, applicants can amend their Form 470 without restarting the 28-day clock -- you need only to provide the information within the 15 days after notification from USAC.

<b>ERROR LOCATION</b>	<b>CORRECTIVE ACTION ALLOWED</b>
FCC Form 470 Block 1 Items 6a Contact Person Name	Applicants will be able to submit corrections to the contact information within 15 days of notification from USAC. Before making the change, the correction will be reviewed to ensure that the change does not circumvent the FCC's competitive bidding requirements.
FCC Form 470 Block 4 Item 16c Eligible Entities That Will Receive Services – School districts, library systems or consortium applications that serve multiple entities	Applicants can submit corrections to the number of eligible entities within 15 days of notification from USAC, as long as it is not a significant departure from the scope of the original request and is due to clerical error.
FCC Form 470 Block 4 Item 17 Billed Entities that will be paying the bills information.	Applicants can submit corrections to the list of Billed Entities that will cite the Form 470 within 15 days of notification from USAC.

## FCC Form 471

Applicants who discover any error on their FCC Form 471 always have the option of filing a new FCC Form 471 as long as they can do so within the filing window. The following two categories of errors, however, can be corrected without refiling the FCC Form 471.

### *C. Minimum Processing Standards Errors*

Some items previously listed in the FCC Form 471 Instructions as Minimum Processing Standards will no longer be cause for automatic rejection. However, USAC must receive the missing information within 15 days of notification from USAC before the Form 471 can be data entered and reviewed for funding. If you do not provide the information within 15 days, your form or FRN will be rejected for failing Minimum Process Standards. You can avoid these errors by using the Apply Online system.

outlets/branches in a library system), list the Block 4 Worksheet Number that shows the sharing entities and calculates the shared discount for this service in **Item 22b**.

**Item 23** - Use the step-by-step calculation grid to arrive at the total amount of your funding request. You may round dollar amounts to the nearest dollar, but please use numerals and include all digits. **DO NOT use words such as 1 million**, in place of 1,000,000. Note that if you are seeking support on multi-year contracts, **you may request funding only for that portion of the contract that is delivered in the relevant funding year.**

Use Items 23A-23E for **recurring** charges (monthly charges) for this service, and Items 23F-23H for **non-recurring** charges (one-time charges) for this service.

You may request discounts only for products and services delivered in the relevant funding year. Recurring services must be delivered between July 1 and June 30 of the funding year. Non-recurring services must generally be delivered between July 1 and the September 30 following the close of the funding year. For more information, please refer to “Service Delivery Deadlines and Extension Requests” on the SLD section of the USAC web site.

**Item 23A:** Estimate your total monthly cost for this service. If the cost of service fluctuates from month to month, you may use the average of past bills to estimate the monthly cost.

If you expect to pay a non-recurring charge in multiple installments over the funding year, you should either amortize this charge in Items 23A-23E or include the full amount of this charge in Items 23F-23H. **DO NOT** include this amount under both recurring and non-recurring charges. If you amortize this charge in items 23A-23E, you will not be eligible for discounts on the non-recurring services provided after June 30 of the funding year.

**Item 23B:** Enter the total cost associated with ANY ineligible services, entities, or uses included in your monthly charges. The following represent some common ways in which eligible and ineligible costs are bundled together, and how you can go about deducting the ineligible costs.

- **Eligible services bundled with ineligible services:** While you may contract with the same service provider for both eligible and ineligible services, your contract must clearly break out costs for eligible services from those for ineligible services. If the eligible and ineligible services were purchased together at a special “bundled” price, a proportionate cost allocation is required between the eligible and ineligible components. You will use this reduced price when requesting universal service discounts on the eligible service. For example, if a provider offers to sell a school an eligible service for \$10.00 and an ineligible service for \$20.00, but also offers them as a bundle for \$24.00, this would indicate that the provider is offering a \$6.00, or 20%, price reduction. Therefore, the school could treat  $\$10.00 * 80\% = \$8.00$  as eligible for universal service support.
- **Services shared by eligible and ineligible entities:** When you share a service with an ineligible entity, the provider may receive reimbursement only for that portion of the service that eligible entities are receiving. To help auditors confirm that this rule is being observed, you must keep and retain careful records of how you have allocated the costs of shared services and facilities among eligible and ineligible entities. You are required to maintain these records consistent with any measures that may be established by the FCC, the SLD, or state commissions.
