## Description of Desired Telecommunication Services For E-Rate Funding Year 2006-2007

### PURPOSE

Burke County Board of Education (BCBOE) is desiring telecommunication services for all schools throughout the School System and the central office. The purpose of this document is to provide interested service providers with a description of the telecommunication services we desire for e-rate funding year 2006-2007. **We will accept a proposal for all of the following services inclusively or for each service individually.** We also expect each respondent to demonstrate its uniqueness in fulfilling this request. After review of your proposal, we should know why your company is the best choice for this project. BCBOE reserve the right to reject any or all bids that do not fully meet our needs for the desired service or that does not comply with the specifics of this request.

### Basic Phone Service

- Phone service for the 110 lines in the central office and 6 school sites. Norstar PBX in Central Office and Meridian Systems in each school site.

### High Bandwidth Service (T1 Lines)

- 3 Point-to-Point T-1 lines all terminating at 789 Perimeter Road, Waynesboro, GA 30830
