Re: *In the Matter of Applications of Comcast Corporation, General Electric Company and NBC Universal, Inc. for Consent to Assign Licenses or Transfer Control of Licensees*, MB Docket No. 10-56

Dear Ms. Dortch:

On November 15, 2010, Kathy Zachem, Vice President, Regulatory and State Legislative Affairs, Comcast Corporation; Rick Cotton, Executive Vice President and General Counsel, NBC Universal, Inc.; Ron Stern, Vice President and Senior Competition Counsel, General Electric Company; Arthur Burke, Davis Polk & Wardwell LLP, counsel for Comcast; David Murray, Willkie Farr & Gallagher LLP, counsel for Comcast; and the undersigned (collectively, "Applicants") met with the following Commission personnel regarding the above-captioned proceeding: John Flynn, Senior Counsel to the Chairman for Transactions; Rick Kaplan, Chief Counsel and Senior Legal Advisor to the Chairman; William Lake, Chief, Media Bureau; and Jonathan Baker, Chief Economist.

Consistent with their prior filings in this proceeding, Applicants described the current marketplace for online distribution of video programming and the reasons why the transaction would not give the combined entity the incentive or ability to discriminate against rivals in the business of online distribution. As a result, Applicants reiterated that there is no need for a condition related to online distribution of video programming in this proceeding. Applicants also described the manner in which the program access rules work today in the traditional video distribution business and some of the difficulties that would arise in applying program access-type rules in a nascent and rapidly evolving market such as online video distribution.
