**Re : *Notification of Ex Parte Presentation***  
***GN Docket No 09-191; WC Docket No. 07-52***

Dear Ms. Dortch:

On November 29, 2010, Alcatel-Lucent, represented by Paul Kenefick, Vice President – Government Affairs, and Adam Krinsky, Wilkinson Barker Knauer, LLP, met with Zac Katz, Legal Advisor for Wireline Communications, International and Internet Issues, Office of Chairman Julius Genachowski, to discuss its filings in the above-captioned proceeding. In particular, the company addressed the issues raised in its *ex parte* presentation of June 22, 2010: the findings in a White Paper, “Analysis of the impact of traffic growth on the evolution of Internet access,” (attached to its initial comments in Docket 09-191); the importance of QoS-enabled specialized services; and the promise of user-generated applications enablement.

In accordance with Section 1.1206(b) of the Commission’s rules, this letter is being filed electronically with your office. Please contact the undersigned if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Kenefick", written over a light blue horizontal line.

Paul Kenefick
