Re: Developing a Unified Intercarrier Compensation Regime, CC Docket No. 01-92; Establishing Just and Reasonable Rates For Local Exchange Carriers, WC Docket No. 07-135; Preserving the Open Internet, GN Docket No. 09-191; Broadband Industry Practices, WC Docket No. 07-52; Framework for Broadband Internet Service, GN Docket No. 10-127

On Monday, November 29, 2010, Heather Gold, Lisa Youngers and I, of XO Communications, LLC met separately with Angela Kronenberg, Wireline Legal Advisor to Commissioner Clyburn, and Margaret McCarthy, Policy Advisor, Wireline, to Commissioner Copps, to discuss net neutrality, intercarrier compensation reform and access stimulation arbitration. The intercarrier compensation and access stimulation arbitration discussion during the meeting followed the attached presentation, which was distributed to the meeting attendees. XO also expressed its continued support for the adoption of rules to preserve the open Internet and the Chairman's Third Way approach of classifying the transmission component of broadband Internet service as a telecommunications service under Title II while forbearing from most Title II regulation, consistent with XO's comments filed in the above-referenced dockets.

Respectfully Submitted,
