Re: Notice of Ex Parte Communication, GN Docket No. 09-191, WC Docket No. 07-52

Dear Ms. Dortch:

On October 21, 2010, Commission staff held an open meeting to provide an opportunity for a technical discussion of topics related to the Commission's trial for testing and measurement of fixed broadband performance.¹ The meeting discussions focused on updates from SamKnows on schedules and progress of the trial, status of collaborative efforts of various stakeholders, and discussion of key next steps for the program. A full list of meeting attendees and a copy of the SamKnows presentation are attached.²

Commission staff discussed plans for meeting to be held in the next few months to again seek public input on the progress of the program after commencement of the operational phase of the program.

Sincerely,
