Re: Notice of Ex Parte Presentation

Preserving the Open Internet, GN Docket No. 09-191;
Framework for Broadband Internet Service; GN Docket No. 10-127

December 14, 2010

Dear Ms. Dortch:

On Monday, December 13th, Manolo Espinosa—co-founder of hosted website search firm IndexTank—authored an opinion editorial in *The Hill* outlining his support for Chairman Genachowski's Open Internet Proposal and explaining why a regulatory framework that provides consistency, transparency and an environment that welcomes even the smallest start-up to the Internet marketplace is so important for technology entrepreneurs.

Please find Mr. Espinosa's article attached for submission into the official record on the above proceedings.

Sincerely,

/s/

Erin M. Lehane
