Re: Preserving the Open Internet, GN Docket No. 09-191; Broadband Industry Practices, WC Docket No. 07-52; Framework for Broadband Internet Service, GN Docket No. 10-127

Dear Chairman Genachowski and Commissioners:

Attached please find attached my white paper entitled "Network Neutrality: What a Non-Discrimination Rule Should Look Like." The paper discusses alternative proposals for non-discrimination rules and outlines my proposal for a non-discrimination rule that would ban all application-specific discrimination (i.e. discrimination based on application or class of application), but allow all application-agnostic discrimination.

Sincerely,

/s/ Barbara van Schewick
