Explain your appeal and include copies of all relevant documentation.

Dear Administrator

I am appealing the Decision on Denied in full. There are multiple valid reason why
NetworkKonnection Inc. Invoice should be extended.

A. USAC will automatically extend the service delivery deadline in situations where
criteria (1) or (2) are met. Recipients of non-recurring services that wish to satisfy
criterion (3) must submit documentation to USAC on or before the September 30
following the close of the funding year. A recipient of service that meets criterion (4)
must certify to USAC on or before the September 30 following the close of the funding
year that its service provider was unwilling to deliver or install non-recurring services
before the expiration of the deadline after USAC had withheld payment for those services
on a properly-submitted invoice for more than 60 days after the submission of the
invoice.

1. A Funding Commitment Decision Letter (FCDL) is issued by USAC on or after March 1 of the funding year for which support is authorized.
Year 2007

2. Service provider change authorizations or service substitution authorizations are approved by USAC on or after March 1 of the funding year for which support is authorized.

There was an service provider change

4. The applicant requested an extension because the service provider has been unwilling to complete delivery and installation after USAC withheld payment for those services on a properly-submitted invoice for more than 60 days after submission of the invoice.

1. Email from 10/2/07 in regards to properly-submitted invoices to January 2010.

B. In accordance with the FCC Report and Order(FCC 01-195). Implementation was delayed for circumstances beyond the named service provider's control.

The school closed in year 2005.

The FCDL awarded through an appeal in year 2007

The contact person Charles Tate was change to Butch Hopkins for approval of Invoices

The invoicing office intentionally prolong payment of Invoices

All these are valid and beyond the Service Provider's control.

C. Confidential information only to be given to the FCC Commissioners
