Re: Notice of Meeting with Wireline Competition Bureau

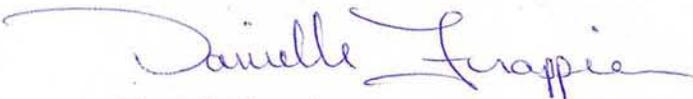

Dear Ms. Dortch:

Nexus Communications, Inc. ("Nexus") hereby provides notice to the Commission of a meeting today with the Wireline Competition Bureau ("WCB"). The purpose of this meeting was to discuss the recent Petition for Declaratory Ruling filed by TracFone Wireless, Inc. on December 1, 2010 (WC Docket Nos. 09-197 and 03-109). Specifically, discussed at the meeting was the proper interpretation of the Commission's Link Up rule and various requirements related to the process of designating entities as eligible telecommunications carriers ("ETC"). The issue with respect to the Link Up rule is whether a carrier may waive the balance of its service activation fee and still receive Link Up. The issues with respect to ETC designation were whether a carrier's designation, as well as the requirement to use the ETC's own facilities at least in part to provide the supported services, is technology-specific.

In attendance at today's meeting were myself and Christopher W. Savage of Davis Wright Tremaine; and Vickie S. Robinson, Kimberly A. Scardino and Nicholas Degani, WCB.

Should you have any questions regarding the above, please do not hesitate to contact me.

Respectfully submitted,

Danielle Frappier
