Re: *Special Access for Price Cap Local Exchange Carriers; AT&T Corp. Petition for Rulemaking to Reform Regulation of Incumbent Local Exchange Carrier Rules for Interstate Special Access Services*—WC Docket No. 05-25, RM-10593

Dear Ms. Dortch:

In its October 28, 2010 Public Notice, the Commission requested the voluntary disclosure of data it considers pertinent to various issues raised in the notice of proposed rulemaking pending in the above-captioned dockets.<sup>1</sup> The Commission asked that such voluntary disclosures be submitted by January 27, 2011, although it also stated that responses to this data request would be accepted on a rolling basis.<sup>2</sup> In the interest of assisting the Commission with information related to its special access data request, Time Warner Cable Inc. (“TWC”) has been diligently collecting and reviewing relevant information within its organization in order to provide some type of a helpful response to the Public Notice. To that end, TWC has determined that it requires additional time to complete that effort. Accordingly, TWC submits this letter to advise the Commission that it intends to submit information responsive to the Commission’s data request as soon as practicable, but intends to do so no later than February 10, 2011.

TWC had intended to submit this letter into the docket yesterday, but was unable to do so due to power outages associated with adverse weather conditions in the Washington D.C. area.

Should you have any questions, please contact the undersigned.

Sincerely,

A handwritten signature in cursive script that reads 'Terri B. Natoli'.
