The Honorable Julius Genachowski, Chairman
Federal Communications Commission
445 12th Street, SW
Washington, D.C. 20554

Dear Chairman Genachowski:

On behalf of the Iowa constituents that we represent, we encourage you to expeditiously review and approve the proposed merger of CenturyLink and Qwest.

We believe the combination of these two companies will create a stronger company that will bring even greater benefits to their customers and our state by delivering wider coverage, higher speeds, increased value and more products and services than either company would be able to do on their own.

Already, the U.S. Department of Justice has approved the merger as well as public utility commissions in eleven states.

The approval of the proposed merger between CenturyLink and Qwest will benefit the citizens of Iowa as well as enhance its economy. With the Commission's timely approval, we can look forward to realizing the benefits that this combined company will provide.

Sincerely,

Tom Latham

Dear Congressman Loebsack:

Thank you for your letter supporting the proposed transfer of control between CenturyLink and Qwest. I value your perspective on the potential benefits of this transaction and I appreciate your interest in this matter.

Many of the issues associated with this transaction – investment in broadband infrastructure, extending broadband to rural areas, and promoting economic growth – are among my highest priorities as Chairman. The Commission takes seriously its evaluation of transfer of control applications; and you can be assured that it will consider these issues as part of its careful and deliberate review of this proposed transfer.

Your letter will be included in the record of this proceeding. If I may be of further assistance, please do not hesitate to contact me.

Sincerely,
