RE: Notice of Ex Parte: CG Docket 10-51

Dear Ms. Dortch:

On January 27, 2011, Sean Belanger, CEO, John Harris, CTO and William Cobb, VP, Marketing, all of CSDVRS, LLC. ("ZVRS") met with Paul de Sa, Chief, Office of Strategic Planning and Policy Analysis, and Nicholas Alexander and Richard Hovey of the Wireline Competition Bureau.

Consistent with previously filed comments, CSDVRS discussed with the Commission members different ways to make the current market better contestable by potentially expanding the tier structure so as to continue to support the continued innovation that is prevalent with the VRS industry. New ways to reach out to the community that are currently not being served. In addition, CSDVRS shared with the commission comments it had received from customers regarding their ability to transfer their contact list from the dominant provider to another provider. Finally, CSDVRS discussed ways in which to interoperate with existing video phones and provide a standard means for compatibility.

This letter is being filed for inclusion in the public record of the Commission's docket CG 10-51.

Sincerely Yours,

William Banks
General Counsel
CSDVRS, LLC
