**Re: *A National Broadband Plan for Our Future, GN Docket No. 09-51; Establishing Just and Reasonable Rates for Local Exchange Carriers, WC Docket No. 07-135; High-Cost Universal Support, WC Docket No. 05-337, IP-Enabled Services, WC Docket No. 04-36, Developing a Unified Intercarrier Compensation Regime, CC Docket No. 01-92; Intercarrier Compensation for ISP-Bound Traffic, CC Docket No. 99-68.***

On the morning of February 1, 2011, on behalf of XO Communications, LLC ("XO"), I spoke via telephone with Zac Katz, Legal Advisor to Chairman Genachowski for Wireline Communications, International and Internet Issues, to discuss intercarrier compensation and universal service reform, including access stimulation arbitrage and the treatment of voice-over-Internet protocol ("VoIP") traffic. XO expressed continued support for Commission action on these issues consistent with XO's positions as stated in prior filings in the above-referenced dockets.

Respectfully Submitted,
