Dear Commissioners;

This communications is in response to the request for additional information dated January 24, 2011.

The program and application costs are calculated basis the cost of current program and our current contracts for cellular data access. This contract is set for expiration or renewal on June 30, 2011. As a result, we are in the process of evaluating RFP responses and, as is required by the E-rate program, we plan to have either a contract renewal or new contract in place by the E-rate 471 filing deadline, March 24, 2011. As I mentioned in a phone conversation with Regina, if our program costs are reduced, I will notify the FCC and submit with a new program cost allocation table, at the time of the 471 filing.

In addition to the hardcopy letter, I am enclosing this correspondence in an email to [Regina.Brown@fcc.gov](mailto:Regina.Brown@fcc.gov).

Thank you for the opportunity to apply for the EDU2011 funding program.

Sincerely,  
David Lovell
