

**Before the
Federal Communications Commission
Washington, D.C. 20554**

In the Matter of)	
)	
Request to Extend the Substantial Service)	WT Docket No. 11-22
Deadline for Educational Broadband Service)	
Licenses to November 1, 2011)	

**COMMENTS OF HISPANIC INFORMATION AND TELECOMMUNICATIONS
NETWORK, INC.**

Hispanic Information and Telecommunications Network, Inc. (“HITN”) hereby submits these supporting comments with respect to the above referenced request. HITN is the largest EBS license holder in the United States, and as such, is extremely concerned about the ability of all EBS licensees to meet the upcoming Substantial Service deadline, particularly in light of the current economy that is just starting to show signs of recovery. HITN therefore fully supports the proposed six month extension of the Substantial Service deadline for Educational Broadband Service licensees. HITN encourages an expeditious approval of the above request by the Commission as the extension will ultimately benefit educational and minority access to new, advanced wireless broadband telecommunications, promote the deployment of mobile broadband nationwide, strengthen WiMAX as a competitive service, bring new and innovative services to consumers, and serve the public interest, convenience, and necessity.

Respectfully submitted,

HISPANIC INFORMATION AND
TELECOMMUNICATIONS NETWORK, INC.
