**MOTION TO ACCEPT OPPOSITION TO PETITIONS FOR RECONSIDERATION**

Cellular South, Inc. (“Cellular South”), by counsel, moves for the Commission to accept its concurrently filed Opposition to Petitions for Reconsideration which is filed one day late. Good cause supports accepting the Opposition.

Oppositions to petitions for reconsideration in this proceeding were due February 24, 2011. Undersigned counsel, who was summoned for jury duty on that day, however, mistakenly calendared the opposition for the next day, February 25, 2011, an inadvertent mistake.

The Opposition raises important public interest issues, including issues of destructive interference that would be caused if certain of the petitions for reconsideration pending in this proceeding are granted. No prejudice will occur to any party to this proceeding as a result of acceptance of the opposition. Copies of the opposition are being emailed this day to all parties having filed for reconsideration. Cellular South would have no objection to grant of any short extension of time necessary for formulating a reply to its opposition.

In light thereof, Cellular South requests that this motion be granted and its Opposition accepted.
