

On behalf of Miami-Dade County Public Schools, I respectfully submit the opinion supporting the USAC Schools & Libraries Committee's recommendation made on January 24, 2011, to the FCC, that the final FY 2010 Priority Two Discount Level be set at 81%.

Further, it is our opinion that the \$400 million currently available for potential rollover NOT be allocated to FY 2010, and instead be reserved for rollover to FY 2011, as required.
