CLEAR VOICE, LLC
STATEMENT OF CPNI PROCEDURES AND COMPLIANCE

Clear Voice, LLC ("Clear Voice") operates solely as a cellular resale provider.

Clear Voice does not use or permit access to CPNI to market any telecommunications or non-telecommunications services. Clear Voice has trained its personnel not to use CPNI for marketing purposes. Should Clear Voice elect to use CPNI in future marketing efforts, it will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

Clear Voice has instituted training procedures and a corresponding disciplinary process to ensure that its personnel understand and comply with restrictions regarding the use and disclosure of, and access to, CPNI. Requests for CPNI by law enforcement agencies are only granted if a subpoena is provided or if the customer provides written permission.

New clients are provided with the opportunity to create a 4 digit PIN code at the time of subscription for service. These customers must utilize the PIN number whenever they contact the company for CPNI related issues. Customers that do not opt for the PIN system must provide at least three (3) identifying pieces of information to ensure the company is discussing the account with an authorized individual.

Although Clear Voice never has had an instance where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI, it still has procedures in place to track these instances, and notify the appropriate agencies, should they occur. Clear Voice has processes in place to safeguard the call detail information from improper use or disclosure by employees; and to discover and protect against attempts by third parties to gain unauthorized access to these records. All call detail is stored in a database that is protected; only authorized Clear Voice personnel have access to the database. It is not accessible by anyone outside the company.

CLEAR VOICE, LLC
STATEMENT OF CPNI PROCEDURES AND COMPLIANCE
(CONTINUED)

The Company does not disclose CPNI on-line. If it elects to do so in the future, it will follow the applicable rules set forth in 47 CFR Subpart U, including the implementation of authentication procedures that do not require the use of readily available biographical information or account information and customer notification of account changes.

The Company has not developed any information with respect to the processes pretexters are using to attempt to access CPNI, but does take steps to protect CPNI from pretexters as described in this statement.

The Company has not taken any actions against data brokers in the last year. Clear Voice has processes in place to safeguard the call detail information from improper use or disclosure by employees; and to discover and protect against attempts by third parties to gain unauthorized access to these records. All call detail is stored in a database that is protected; only authorized Clear Voice personnel have access to the database. It is not accessible by anyone outside the company.

The Company did not receive any customer complaints about the unauthorized release of CPNI or the unauthorized disclosure of CPNI in calendar year 2010.
