**Re: Broadband Pole Attachments, WC Docket No. 07-245
National Broadband Plan, GN Docket No. 09-51**

Dear Ms. Dortch:

On March 30, 2011, Mary McManus of Comcast Corporation and Wes Heppler of Davis Wright Tremaine LLP met with Margaret McCarthy, Policy Advisor, Wireline to Commissioner Copps. The purpose of this meeting was to discuss Comcast's filings in the above captioned proceedings.

During the meeting, Comcast expressed its support for the telecommunications pole rate formula proposed in the *Further Notice of Proposed Rulemaking (FNPRM)*. Comcast also discussed the appropriate pole attachment formula for cable-provided VoIP service.

We also summarized Comcast's concerns regarding the *FNPRM*'s proposals to revise both the unauthorized attachment and safety violation enforcement standards. Comcast emphasized that the evidence in the record does not support revision of either of these two Commission policies.
