**Re: 8th Monthly Financial Report for Long-Term De Facto Transfer Spectrum Leases
PS Docket No. 06-229**

Dear Admiral Barnett:

The Public Safety Spectrum Trust Corporation ("PSST") hereby submits its eighth monthly report to the Public Safety & Homeland Security Bureau ("PSHSB") regarding the administrative fees collected and expended pursuant to the terms and conditions of the Commission's May 12, 2010, Order in the above-referenced proceeding.¹ This report contains information on the fees received and expenses recorded through February 28, 2011.

Fees Received: In September, the PSST submitted invoices to each waiver recipient in the amount of \$15,000 for the administrative fee for the first year of the lease, consistent with the PSST budget approved by the PSHSB.² Payments of the administrative fees were due by November 1. As of January 31, 2011, the PSST had received all twenty of the administrative fee payments.

Expenses: Attached is a summary of the PSST's expenses related to the administrative fee budget as of February 28, 2011.

¹ *Requests for Waiver of Various Petitioners to Allow the Establishment of 700 MHz Interoperable Public Safety Wireless Broadband Networks*, Order, 25 FCC Rcd 5145 (2010).

² *Implementing a Nationwide, Broadband, Interoperable Public Safety Network in the 700 MHz Band*, Order, 25 FCC Rcd 10813 (2010).

During February 2011, the PSST engaged in numerous activities related to the administration of the 20 spectrum leases and the PSST's role as the spectrum lessor, including:

- Participating in telephone conversations, conference calls, and e-mail exchanges with the waiver recipients and their counsel, and with Commission staff, to address legal and administrative questions related to the May 12 Order, Standard Lease, and additional Commission and PSHSB releases related to current and potential future waiver recipients;
- Participating in ongoing conference calls with the waiver recipients through the PSST Operator Advisory Committee;
- Reviewing the *Third Report and Order and Fourth Further Notice of Proposed Rulemaking*³ in this proceeding;
- Researching issues related to nationwide public safety interoperability and the waiver recipients, including funding and governance issues;
- Analyzing governance issues related to the Bay Area Urban Area;
- Providing a letter of consent regarding an application for experimental special temporary authority to use spectrum licensed to the PSST;
- Assisting with the development of a non-disclosure agreement for early deployment vendor discussions; and
- Preparing and submitting a monthly financial report to the PSHSB.
