

PLEASE, do not allow this merger! As a T-Mobile customer, who's had AT&T(Pac Bell) as a provider in the past, I NEVER want to go back to their horrible service.

If T-Mobile is bought out by AT&T, there will only be "ONE" GSM provider here in the US. It will make AT&T the only choice in town, it will make them a monopoly.

This is the worst thing that could happen for mobile competition, please don't allow it to go through.
