This letter is a petition to deny transfer license of WMFE TV in Orlando Florida to "Community Educators of Orlando" a religious broadcaster.

As a long time viewer and supporter we would like to express our concern and disappointment that WMFE TV is to be sold. We feel that we have been blindsided by the current CEO and board as to a sale of what we always believed were "public" assets. Even though we watch WMFE TV every day, to the best of our knowledge, a sale had never been mentioned or discussed on air. We found out by reading an article in The Orlando Sentinel.

WMFE TV represents Orlando's only local source of non-commercial programming and impartial news coverage. It is hard to believe that this sale is "in the public interest". There are already several religious broadcasters in our area, but we only get one other channel (WDSC) which does carry some overlapping PBS programs. WDSC has said that they have no interest in changing their programming to fill a void left by the loss of WMFE-TV.

It is my belief that a determined management could find solid footing for WMFE-TV despite disappointing efforts in fund raising efforts. We've all had to make financial compromises recently and some will have to be made to save PBS in Orlando. However, once it is sold, in all probability, it is gone forever.

Yours truly,
Fred and Donna Locke
