Re: *IB Docket No. 06-123*

Dear Ms. Dortch:

Earlier today, undersigned counsel representing DIRECTV, Inc. (“DIRECTV”) met with Angela Giancarlo, Chief of Staff and Senior Legal Advisor to Commissioner McDowell, with respect to the above referenced proceeding. Specifically, we discussed the potential for 17/24 GHz BSS satellites to cause space path interference to operational DBS satellites, and the operational safeguards DIRECTV has proposed to mitigate that risk. The attached materials were provided during the meeting to illustrate the issues.

Respectfully submitted,

/s/

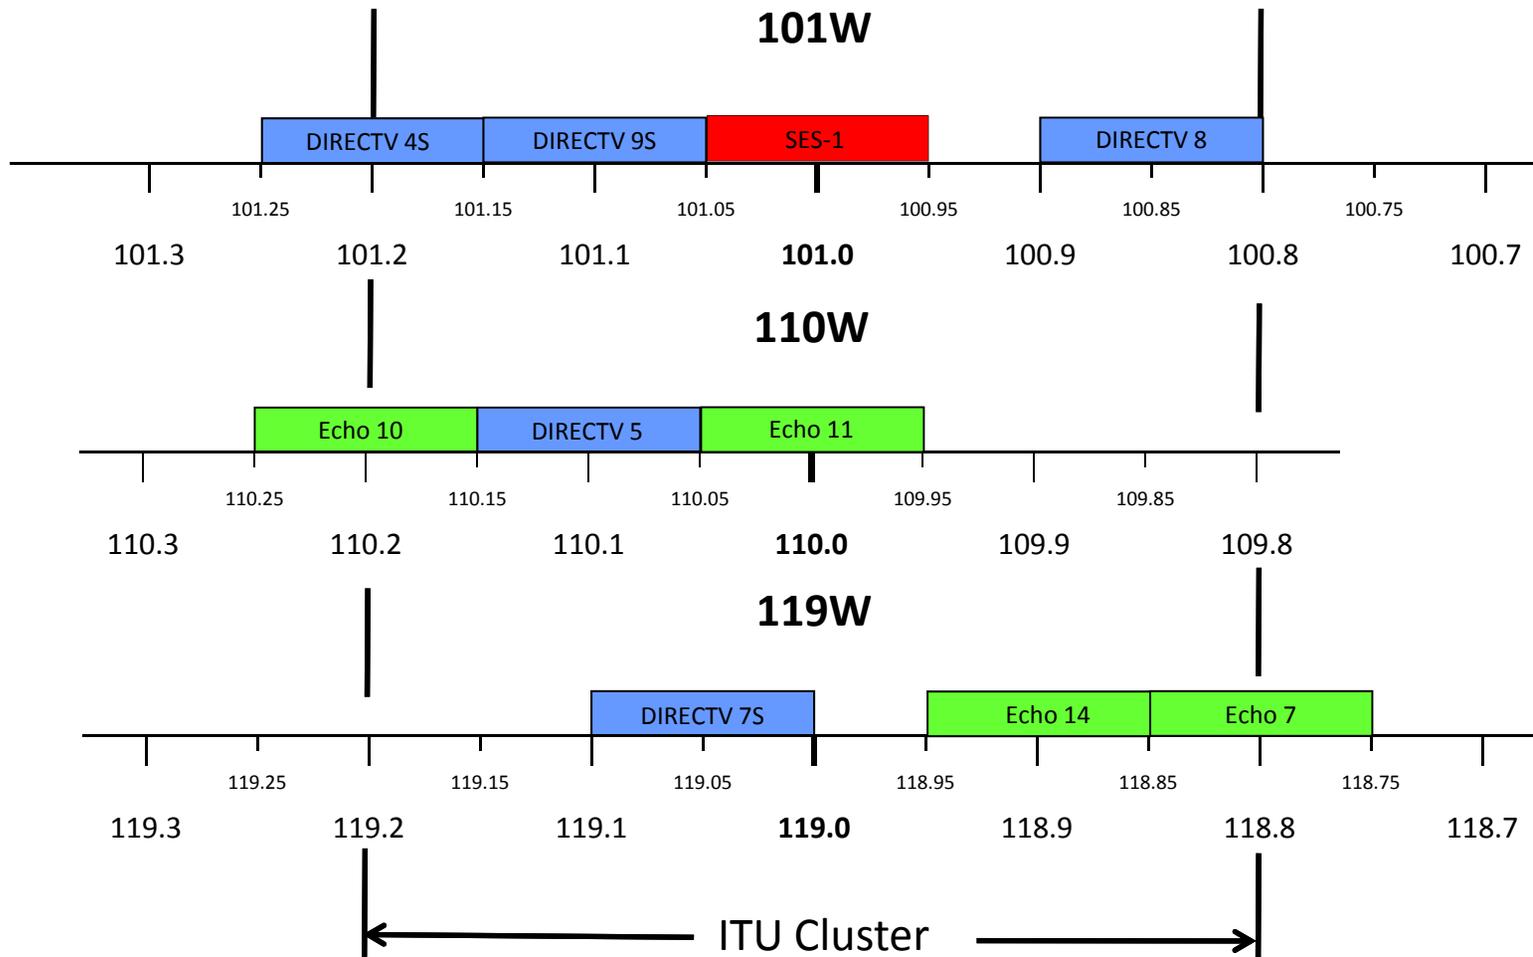

William M. Wiltshire  
*Counsel for DIRECTV, Inc.*
