Request for WAIVER is based on the following: There were a number of extenuating circumstances with regards to FRN# 1870917. While the Form 472 Notification letter was dated December 29, 2010, the letter was not actually received until January 4, 2011 due to Canutillo Independent School District being closed for the winter holiday.

Additionally, there were extenuating circumstances due to the extreme weather conditions in El Paso, Texas. This forced a shutdown of central office for over a week and required all central office administration, including the E-Rate project team, to direct resources and time to addressing problems in the district in order for schools and classes to resume. The weather was so severe that Canutillo Independent School District has had to apply for special waivers with the state of Texas due to the impact of the weather.

Canutillo Independent School District would like to request a waiver due to these circumstances as they directly affected the E-Rate process in the district.

Thank you in advance for your timely response to this WAIVER request.

Sincerely,

Annette Brigham
Executive Director, School Resources
