

If this merger happens, I am immediately terminating my business with T-Mobile. I left AT&T for handing over my personal information to the government under a "terrorist" pretext, along with millions of other American's private information. If this was the LAST cell phone company available, I would rather do without a cell phone than do business with these greedy, soulless bastards. AT&T's takeover of T-Mobile would stifle choice and innovation in the market, harm consumers, and lead to higher prices and fewer jobs nationwide. Don't let AT&T put our mobile future at risk. Please stand with me and reject such reckless consolidation of the mobile industry.
