

no ma bell again okay u know why AT&T doing this for they want to kill T-Mobile USA Company okay listen this deal needs to be deny because some govor dosen't know what they talking about because look at Ma bell at&t do u want to take the risk again no that \$39 billion from AT&T Money should use to bulid out there network okay u follow me look at Net 10 Wireless they bulid out there own 97% population on there own without the merger they did it on there own okay i don't Trust AT&T because they will lead high price and lest market if that happen Sprint nextel will get buy out by Verizon Wireless and create another ma bell AT&T want to hurt T-Mobile USA and make them to high price the only T-Mobile USA i know are real america largest 4G Network each market need to bulid out LTE on there own because that how to stay competion 4 carriers are good because customers love to have choice and Choosing T-Mobile because they are low cost carrier they have issue since specturm outage so they need Specturm to bulid out there own LTE on there own Merger dosen't do anything just making more customers with high prices AT&T is worst carrier they plan launch there own LTE This summer they can bulid out LTE on rural carrier with that \$39 billion with any time that merger create job loss least phones stores and more high prices AT&T is bully in there company Randall stephsen kiss my A** because he is damage phone company maker in US Sprint and Leap rural association Rural telecom group are by doing the right thing to stop the merger because 4 carrier in united states is better than to 3 and 2 and 1 cellular South is doing the right thing to opposite the deal it will harm counsmer By Know T-Mobile they have best low cost smartphone and rate plans at a low cost new phones by T-Mobile is offering is T-Mobile Sidekick 4G a smart phone for \$99.99 Motorola Cliq 2 \$79.99 MY Touch 4G Free LG Optimus T Fro \$29.99 Customers pay For T-Mobile smartphone 10000% least than AT&T Smartphone there smartphone go for \$200-\$300 with \$29.99 higher with \$49 data higher so u know is cheaper in united states T-Mobile USA That 3 billion AT&T Must pay because they did enough damage at T-Mobile customers right now they are stuck with high price rate plan at Verizon they should have T-Mobile as 4th carrier in us market and customers more welcome to come with low cost carrier pricing

T-Mobile no contract monthly 4G Plans for extrime low price than AT&T here is low cost of T-Mobile company pricing is here by the following

Why choose T-Mobile No Annual Contract phones and plans?

Great value, nationwide 4G coverage, and amazing phones.

Great value

With T-Mobile No Annual Contract, you can get Unlimited Talk, Text & High Speed Internet for \$70 per month. AT&T?s plan is around the same price?but our plan gives you unlimited data! (You only get 200 MB of data with AT&T.) It?s easy to see the value. And we have lots of other plans to choose

from, so you can get the one that fits you just right.

Browse plans and services

BlackBerry Internet Services

BlackBerry Internet service includes access to the Web and personal e-mail for customers with a BlackBerry device.

that very cheaper in united states of T-Mobile by doing the doing the right thing is Deny the deal must give 6 billion To T-Mobile deutsche Telekom

those customers at Verizon AT&T Should pay there serivces AT&T \$75 month on prepay Verizon \$125 month that ma bell pricing right there

T-Mobile USA company is meet low price customer demand okay those suffer customers from AT&T Verizon should not pay MA Bell pricing those pricing on there rate is alot of ma bell pricing T-Mobile smartphones go from \$0-\$110 for prepaid AT&T Go phone pricing is \$45-400

Verizon smartphone pricing \$79-500

so what cost the cost of verizon AT&T losers

what the cost cheaper

T-Mobile USA Winner

so please deny the deal and AT&T Must pay \$3 billion for sorry what they did very un call
