

Dear FCC,

As a proud resident of Klamath Falls, Oregon, I believe the acquisition of T-Mobile USA will have a ***negative*** effect on innovation in the wireless industry, decrease choices available to consumers and eliminate jobs nationwide.

If this takeover is allowed to occur, AT&T and Verizon will control OVER 80 percent of the wireless industry revenues. Furthermore, eliminating T-Mobile USA would remove one of the country's leading value-oriented nationwide carriers. It is rigorous competition, not a marketplace dominated by a duopoly, that drives companies to use their technological expertise to improve and advance their service.

Please DO NOT allow this acquisition to occur and BLOCK AT&T's bid for T-Mobile USA. Please allow the US Citizens access to CHOICE and freewill by giving us the option to choose a value-oriented nationwide carrier.

Thank You,

Zack Santellie
