

KDWT PERRY BPED-19951215ME - Granted to Iowa State University but petitioned by American Family Association in 2007

We have listeners in central Iowa who are frustrated with the multiple year 'hold' on awarding KDWT to Iowa State University to be operated by Iowa Public Radio. What is the public process for the community leaders to write to you and request resolution? New website is great! But the listeners are confused on how to make a comment. Thank you!
