To whom it may concern,

We at Vertex Media would like to apply for your 'Undue Burden' waiver. We request this as a temporary waiver as we are just starting off with our program and do not have the necessary fund to source Close Captioning at this time.

1: The Nature and Cost of Captioning our program.

We anticipate 28 episodes per year. There are two captioning services in our area that charge \$650.00 and \$1000.00 per 1/2 hour segment. We are producing this show on a 'shoe string budget' attempting to get sponsorship. As such, any additional costs such as this bring on a significant financial hardship. Currently we are producing this program out of pocket. We are working on getting our show segments sponsored by local businesses.

2: The impact of Captioning on our operation.

There is no 'time of the essence' other than we need to get our show to the station as quickly as possible to demonstrate our abilities to produce content to our potential clients.

3: Our Financial Resources.

Our overall budget at this time is \$1000.00 to produce and develop our program. A doubling of our budget at this time is unattainable.

4: Our type of Operation.

Our Staff include, my brother and I, as well as three interns working for free at the moment. Our limited production capabilities along with our tight budgets prevent us from processing closed captions at the moment. Please allow us one year to procure the necessary funding and talent to include the required close caption process.

Thank you,

David Keator
CEO-VertexMedia
