Notice of *Ex Parte* Presentation**

Dear Ms. Dortch:

On June 20, 2011, O’Neal Miller, Mike Hagg of Horry Telephone Cooperative, Inc. (“Horry” or “Cooperative”), Steve Meltzer, and John Kuykendall of John Staurulakis, Inc. (“JSI”) met with Angela Kronenberg, Commissioner Mignon Clyburn’s Wireline Legal Advisor. The subject of discussion was the impact of proposed National Broadband Plan universal service reforms on Horry operations and service to its rural South Carolina customers. Attached is a copy of the presentation and data which were provided.

Mr. Hagg reviewed the map of Horry’s service territory which is approximately the size of Rhode Island. Mr. Hagg described the Cooperative’s services and highlighted the access to broadband at speeds of 4 Mbps and above to 100% of wireline customers with a 50% broadband adoption rate among those customers, and the provision of service over a fiber network to schools and hospitals. Mr. Hagg also indicated that Horry is an anchor employer in an area of high unemployment and low wages, and that the Cooperative’s telecommunications infrastructure is an attraction for potential commercial development that would bolster the local economy.

Mr. Hagg and Mr. Meltzer detailed the impact of the near-term proposals in the NPRM<sup>1</sup>. It was noted that Horry has been very prudent in its investment decisions and does not “gold plate” expenditures. The Cooperative has qualified for and currently receives safety net
