West Virginia voice and TTY lines were not accessible. A customer received error messages that both numbers have been disconnected. Customer Service Representative apologized for the problem and opened a trouble ticket. Relay Program Manager followed up with the customer to be sure the lines for West Virginia are working.

July 2010

A West Virginia voice customer was unable to reach West Virginia Relay via 711 or the relay number. Customer received a recording saying "we're sorry, your call cannot be completed as dialed". Customer Service Representative apologized for the inconvenience. Customer Service Representative checked the number and got same result. Technician determined that problem was a configuration issue on the Avaya switch Fix which has been corrected.
