

I use GPS on a daily bases, for my job and my personal life, if GPS were no longer available this would impact my life in a way that I would not be able to perform my job. I use GPS to position depths so ships can safely maneuver in and out of one of Florida's largest harbors, GPS is a critical safety tool for the shipping industry worldwide, I could not even begin to imagine the devastating impact this would have on other industry and our economy. LightSquared should not be allowed to operate within this band.
