Re: Wireless E911 Location Accuracy Requirements, PS Docket No. 07-114

Dear Ms. Dortch:

Pursuant to the *Second Report and Order* (FCC 10-176) in the above-captioned proceeding, T-Mobile USA, Inc. ("T-Mobile") hereby submits its Exclusion Report. Because T-Mobile is currently using network-based technologies, its Exclusion Report lists those counties or portions of counties in which triangulation of the geographical position of a 911 emergency call is not technically possible. Those counties or portions of counties that are listed in the attached Exclusion Report are excluded because of insufficient quantity, density, and/or geometry of cell sites in those areas to support network-based triangulation. This list is subject to further update. A supporting affidavit from Mark McDiarmid, Vice President, is also attached.

Should you have any questions about this filing, please feel free to contact me at (202) 730-1338.

Yours sincerely,

Kristine Laudadio Devine
Counsel for T-Mobile USA Inc.
