

AFFIDAVIT OF BILL HOGG

I, Bill Hogg, Senior Vice President, Network Engineering & Planning, and an officer for AT&T, Inc., declare in support of AT&T's E911 Phase II County Exclusion List attached above (the "Exclusion List"), that the counties identified in the Exclusion List contain areas where triangulation of the geographical position of a 911 emergency call is not technically possible. I have reviewed the Exclusion List and the process used to create it and declare under penalty of perjury that the information contained therein is accurate to the best of my knowledge, information and belief.
