*Re: Video Description: Implementation of the Twenty-First Century  
Communications and Video Accessibility Act of 2010, MB Docket No. 11-43*

Dear Ms. Dortch:

In the comments filed jointly in this proceeding by DIRECTV and DISH Network, we stated that DBS providers will require prior notification in order to pass through video description. Providing such notification ahead of time along with other data provided to Tribune Media Services, as is now currently done with respect to closed captioning information, would be sufficient for these purposes from DIRECTV's perspective.

Sincerely,

/s/
