Re: ET Docket Nos. 04-186, 02-380

Dear Ms. Dortch:

Forwarded herewith on behalf of Mohave County Board of Supervisors, licensee of numerous television translator and translator relay stations, is information requested by the staff for a further specification of data concerning the County's system.

It should be noted that, as a result of the staff's request, the County has undertaken a complete review of its facilities, and its records pertaining thereto, and has identified numerous errors in data previously supplied. Correct data is shown on the attachment.

The County requests such waivers as may be necessary to ensure protection of its facilities which represent, in many cases, the only source of free television for numerous residents in remote areas of the County. See the County's filing of April 4, 2011 for further background information on Mohave County.

If there are any questions concerning this matter, kindly contact the undersigned.

Sincerely,

William K. Keane

Counsel for Mohave County Board of Supervisors

cc: Aole Wilkins
