

Recently we took a call from 1-800-446-1524. The names used were Jessica and Andrew Singer. They were promoting a deal as an advertisement agency for Carnival. It was offered 3 days/2 nights to Grand Bahama Island for free. The only expense was a \$59 per person port charge and \$99 for under 12. They asked for credit card and had to do it now because the deal was a limited time. This checked out to be a scam. There are listings of others scams on the internet.
