Re: Low Power FM Station

Dear Sir or Madam,

The Pastorate of “La Premiere Eglise Baptiste Haitienne de Homestead and Tabernacle of Salvations Inc, 501 C 3 organizations would like to let know that there is a lack of noncommercial educational radio program in the Haitian community and thinks it is important to fill this gap. After a meeting with the church committee, we decided to build a Low Power AM FM noncommercial educational Radio Station. Please help us to get all the licenses needed for such a project.

Succinctly, the above institutions lend themselves to this holistic approach “Better equip, Better education for a brighter tomorrow”. We have participated in many educational activities which blessed the Lives of so many persons in the community. We gave away school bags, schools supplies, food, and help troubled children stay in school. We involve in empowering the community to be more productive socially and economically.

A LOW POWER AM & FM STATION WILL SURELY HELP US TO REACH MORE PEOPLE AND ACCOMPLISH MORE IN THIS NEEDED COMMUNITY.

For this matter, Pastor Gabriel Demosthenes and his committees humbly ask you to give us a permit to operate as soon as possible.

Again, Pastor Gabriel Demosthene thanks you for your understanding and your consideration to this matter. Please feel free to call us at (786) 315-8713 or (786) 380-8718 if you have any questions.

Sincerely,
