Madame Secretary:

In accordance with Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, we hereby provide you with notice of an oral ex parte presentation in connection with the above-captioned proceeding. On September 13, 2011, Grant Spellmeyer, Jim Stegeman, Mike Wilson and undersigned counsel, on behalf of United States Cellular Corporation ("U.S. Cellular"), met with Margaret McCarthy, Angela Kronenberg, and Ruth Milkman to discuss CostQuest Associates' proof of concept implementation of a forward looking economic cost model for use in determining the funding for wireless high-cost universal service support.

The purpose of the meetings was to allow CostQuest the opportunity to explain how a forward-looking cost model can work to provide an efficient level of support, targeted to rural areas. CostQuest explained cost modeling and support modeling, using four states as illustrations, noting that policymakers can use models to maximize the amount of investment within a program budget.

A copy of CostQuest's presentation is enclosed.
