RE: Revised Colorado's Certification of Support for Rural and Non-Rural High Cost Carriers Pursuant to 47 C.F.R § 54.313-314, CC Dockets No. 96-45 and No. 00-256.

Dear Ms. Dortch,

The Colorado telephone companies listed on Attachment A have certified to the Colorado Public Utilities Commission that all federal high cost support provided to rural and non-rural carriers in this state were used only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with § 254 (e) of the Communications Act of 1934, as amended.

Attachment A lists rural and non-rural carriers certified by the Colorado PUC pursuant to §§ 54.313 and 54.314 of the Federal Communications Commission's rules (47 C.F.R. §§ 54.313 and 54.314), which require states to establish an annual certification process for rural and non-rural carriers receiving federal high cost support. Attachment A has been updated to reflect the addition of NNTC Wireless, LLC for the Norwood Exchange only. As requested by the Universal Service Administrative Company, the assigned study area code is listed beside each carrier's name.

Questions regarding the annual certifications should be directed to John Scott at (303) 894-2043.

Sincerely,

Doug Dean
Director
