

I, Robert Allen accept the oaths of all public officers, and notice to servant is notice to master. On file in the county of Montcalm, State of Michigan is a public notice of judgment. You will find it on LIBER 1519 Page(s) 0625-0627. Said judgment is under seal of the county court of record, certified being in due form of law, thus guaranteed full faith and credit per the constitution.

Said judgment states that no corporation or person has status to claim against myself or my property. I am the lawfull owner of ROBERT ALLEN RYTLEWSKI and it?s real property and interest, and a corporation you have oversight for is warring against the constitution, as they continue to charge my landed estate.

You are ordered to immediately inform the board of directors of Charter Communications that their continued incompetent behavior will lead to their imprisonment if the services to 10955 14 Mile Rd Rockford MI 49341 is interrupted. Their belligerence is to stop immediately or you are to imprison them in an isolation cell until their conscience returns.

No interruption in service is allowed and they are to quite disturbing my peace with phone calls to the domicile.

As your promissory oath has bound your soul to eternal damnation if you should ever violate its sacred intent I?m confident your actions will be to enforce an order from the public.
