RE: RE-FILE OF EX PARTE NOTICE, CLOSED CAPTIONING OF INTERNET PROTOCOL-DELIVERED VIDEO PROGRAMMING, 21<sup>ST</sup> CENTURY COMMUNICATIONS & VIDEO ACCESSIBILITY ACT, MB DOCKET NO. 11-154

Dear Ms. Dortch:

On October 4<sup>th</sup>, my staff Greg Fields and Daniel Fok from Research In Motion Limited ("RIM") conducted a telephone call with Jeffrey Neumann, Alison Neplokh, John Wong, Michelle Carey, Diana Sokolow, Eliot Greenwald, Rosaline Crawford, Alan Stillwell, Steven Broeckert, Mary Beth Murphy, Roger Holberg and Thomas Apone from the FCC.

Greg Fields attempted to file the Ex Parte Notice on October 6<sup>th</sup> but it may not have been received. Out of an abundance of caution, I (David Dougall) am filing this letter, and re-filing the Ex Parte Notice attached on RIM's behalf.

Pursuant to the Commission's rules, this letter and the attached Ex Parte Notice is being submitted for inclusion in the public record of the above-referenced proceeding.

Sincerely,

/s/ David Dougall
