**Re: *Ex Parte*: FCC File No. SAT-MOD-20101118-00239;
IB Docket No. 11-109**

Dear Ms. Dortch:

LightSquared Subsidiary LLC (“LightSquared”) submits the attached list and description of wholesale customers that have agreements with LightSquared for service on the company’s ATC network when commercial service is launched. This information is intended to provide the FCC with notice of the range and type of wholesale customers LightSquared has signed and demonstrate the broad appeal of LightSquared’s services with the potential to bring multiple, wireless broadband service provider competitors to the market.

Please do not hesitate to contact me with any questions.

Respectfully submitted,

/s/ Jay Paull

Vice President

LightSquared Customer	Customer Profile
ATC Wholesale Customers	
	<p>InterGlobe Communications is an experienced Competitive Local Exchange Carrier founded in 1992 and headquartered in New York City that provides integrated services for businesses primarily located in New York, New Jersey and Pennsylvania.</p>
	<p>Best Buy is a multinational retailer of technology and entertainment products and services with operations in the United States, Canada, Europe, China and Mexico. The Best Buy family of brands and partnerships collectively generates more than \$50 billion in annual revenue and includes brands such as Best Buy, Audiovisions, Best Buy Mobile, The Carphone Warehouse, Five Star, Future Shop, Geek Squad, Magnolia Audio Video, Napster, Pacific Sales, and The Phone House. Best Buy supports these brands through retail locations, multiple call centers and Web sites, in-home solutions, and product delivery activities.</p>
	<p>Sprint Nextel offers a comprehensive range of wireless and wireline communications services to consumers, businesses and government users. Sprint Nextel served more than 52 million customers at the end of 2Q 2011.</p>
	<p>netTALK, Inc is a publicly traded company engaged in the distribution and sale of products supported by its digital voice service. The netTALK DUO, now sold by many retailers including Dell and Walmart, is a communications device that has the ability to connect directly to a router or modem (no computer needed) or the computer's USB port, offering consumers free local and long distance calls to any landline or mobile phone in the U.S. and Canada from anywhere in the world.</p>
	<p>Flat Wireless was organized in November of 2007 to offer products and services under the ClearTalk Brand. The company offers unlimited wireless service with no credit check, no deposit, no annual contract and unlimited anytime minute flat-rate pricing plans. Flat Wireless has approximately 2 million licensed pops and approximately 1.9 million covered pops in all its market areas.</p>
	<p>PowerNet Global (PNG), a company with CLEC authorizations in 42 states and a 20 year history of operations, provides high quality voice, data, SIP and managed communications services to business and residential customers nationwide.</p>
	<p>Leap is a communications provider headquartered in San Diego that offers unlimited access to wireless voice and data services for a flat rate without requiring a fixed-term contract. The Company and its joint ventures operate in 35 states and the District of Columbia and hold licenses in 35 of the top 50 U.S. markets.</p>

	<p>CareConnect™ by ESCO Technologies, is the leading communications solution for Senior Living Communities across America. At no capital cost to a community, CareConnect™ will install and maintain its state-of-the-art communications equipment and network to support Nurse/Emergency Call, Telephone, Internet, and TV services. CareConnect saves Senior Housing Community clients the enormous expense of updating their communications infrastructure while, simultaneously, providing their staff and residents with better services at a lower monthly rate than they are currently paying.</p>
	<p>C Spire Wireless, headquartered in Ridgeland, Mississippi, is the nation's largest privately held wireless provider with approximately 1,100 employees residing in the Southeastern United States. C Spire Wireless provides wireless services and support through 85 retail locations, corporate sales teams, a Telesales group, customer contact call centers and online at cspire.com.</p>
<p>SI Wireless</p>	<p>SI Wireless provides the latest voice and data services to underserved areas of rural America. As a member of the Sprint(r) Rural Alliance, SI Wireless offers customers 3G services throughout the U.S. SI Wireless also extends the use of its network to other wireless carriers whose customers may further benefit from a 3G network in areas not covered by their carrier's network footprint.</p>
	<p>Earthcomm Solutions is a privately held telecom and internet service provider located in Corpus Christi, Texas. The company serves consumers and small business enterprises primarily in Texas, and has distribution channel arrangements with a number of independent computer stores.</p>
	<p>Simplexity is the Internet's leading authorized seller of cell phones and wireless services. Based in Reston, Virginia, the company operates proprietary e-commerce platforms, providing affiliates and marketing partners with integrated solutions for cell phone and wireless product merchandising, activation, logistics and fulfillment. Simplexity's business and technology solutions include comprehensive inventory and rate plan management, order processing, automated activation, online merchandising, high-level customer care and customer relationship marketing.</p>
	<p>Advanta is a private company that delivers dial tone and other telecom services to over 3000 business customers (most of whom are based in Texas) including Prudential, Gulf States Toyota and KKR. The company plans to include wireless enterprise routers in its product mix and is working with the likes of Ruckus and CradlePoint to deliver fixed and mobile broadband wireless solutions into the SME market.</p>
	<p>VoX Communications is a provider of wholesale and retail Voice over Internet Protocol (VoIP) services located in Orlando, Florida. Using their own nationwide VoIP network, VoX offers wholesale broadband voice, origination and termination services to cable operators, carriers, ISPs, CLECs, resellers and other wireless and wireline operators, as well as enhanced VoIP telephone service to the small business and residential marketplaces. VoX provides a feature-rich, low-cost and high-quality alternative to traditional wireline phone service</p>

	<p>YourTel America is a privately owned CLEC founded in Missouri in 1995 that serves wireline and wireless customers through 14 branded retail outlets, online centers and network operations in Kansas, Missouri, Illinois and Oklahoma. They are approved as an Eligible Telecommunications Carrier (ETC) with wireline and wireless certificates granted by each state commission where they operate and authorized under the FCC's Universal Service (US) Program for Low-Income Consumers.</p>
	<p>AirTouch Communications, Inc. is engaged in the development and marketing of patented telecommunications devices capable of converging multiple services and applications such as voice, data, WiFi bridging, video, security and entertainment into one hardware platform. AirTouch holds several patents that enable its products to enhance cellular signals within the home and office.</p>
	<p>Headquartered in Redmond, WA, Aircado is a privately held wireless broadband service provider. The company's goal is to expand its offering of affordable, reliable, secure community-based wireless internet services for smaller towns and communities.</p>
