

With so many rules and regulations, some being important and most in need of revising for our dynamic future. The national and global state is directly affected by a deflated entertainment market. Recording not only the top performers but also the middle and low performers gives a broader view of how advertising and promotion are the back bone of our economic stability as it has always. With respect helping smaller companies with Righteous business ethics in proof outside of credit and low funds, but apply nessecity of the product, goood, or service being introduced to the world. No matter how big or small how important is this to the national and global community especially education, job creation, and Soul Salvation.
