Re: N-1 Communications, LLC
Application Fee Waiver Request
Filed 3-3-11
Fee Control No. 10-00013419
Amount: \$ 2,820.00

Dear Mr. Coran:

This letter responds to the request listed above, filed on behalf of the listed licensee ("Licensee") for waiver of the specified application fee ("Application Fee") on the grounds of financial hardship. Our records reflect that the Application Fee has not been paid. For the reasons stated herein, we grant your request.

Section 1.1119 of the Commission's rules, 47 C.F.R. §1.1119, provides that filing fees may be waived upon a showing of good cause and a finding that the public interest will be served thereby.¹ Section 1.1119(e) of the rules, 47 C.F.R. §1.1119(e), requires an applicant seeking a waiver of the filing fee requirement to include the applicable fee with its waiver request, and also provides that the fee will be returned if the waiver is granted.²

The record establishes that the Licensee was in bankruptcy or in receivership on the date the Application Fee was due. We therefore find that the record before us substantiates a claim of financial hardship and demonstrates good cause for waiver of the filing fees with respect to the above-listed waiver requests.³ Your request for waiver of the application filing fee therefore is granted.

If you have any questions concerning this letter, please contact the Revenue and Receivables Operations Group at (202) 418-1995.

Sincerely,

Mark Stephens

Re: N-1 Communications, LLC (FRN: 0017521113)
File No.: 0004629369
Petition for Waiver, or in the alternative, Deferral of Fees

Dear Mr. VanRoekel:

N-1 Communications, LLC (“N-1”) and licensee of the 3650-3700 MHz Service and microwave licenses listed in Appendix A (“Licenses”) and lessee under various leases with Educational Broadband Service licensees, by counsel and pursuant to Section 1.1119(c) of the Commission’s Rules, hereby requests a waiver or deferral of the filing fees for applications for involuntary transfer of control of the Licenses.¹ These applications are being filed via the FCC’s Universal Licensing System. The filing fee associated with the transfer of control application (and associated waiver requests) is \$2,820.² As detailed below, deferral or waiver of the filing fees on the basis of financial hardship is appropriate and would promote the public interest.

N-1 Communications is a limited liability company that operates wireless communications systems in the Midwest United States. On February 14, 2011, the Circuit Court of St. Louis County, Missouri adopted an “Interim Order Establishing Authority and Directions of Receiver” (“Order”).³ The Order appointed Atec Liquidations, Inc. as N-1’s Receiver with authority to, among other things, sell N-1’s assets, including its 3650-3700 MHz Service license, microwave licenses and excess capacity leases with

¹ A table listing N-1’s licenses is attached hereto as Appendix A. For those Educational Broadband Leases where application to the Commission is required, N-1 plans to file separate applications reflecting the change in control of its leasehold interests with its EBS lessors; however, no filing fee is required for these applications.

² This filing fees include, for each License, a \$60.00 application filing fee (Payment Type Code: PATM, for a total of \$720), and a fee of \$175 for each License (a total of \$2,100) for processing of a request for waiver of the electronic signature requirement for N-1. See 47 C.F.R. §1.1102.

³ A copy of the Order is attached hereto as Appendix B. Additional information about the receivership can be found at www.myhibeam.co.

EBS licensees. The appointment of the receiver constitutes an involuntary change in control.

The Commission's rules provide that application fees⁴ may be waived in specific instances "where good cause is shown" and where the waiver or deferral "would promote the public interest." N-1 respectfully submits that such good cause is shown here. First, in the context of regulatory fees, the FCC has previously held that "[e]vidence ... of receivership is sufficient to establish financial hardship" and that the Commission would waive regulatory fees for licensees that are in receivership.⁵ Second, there is precedent for the Commission to grant waiver of application fees for a licensee in bankruptcy⁶ or receivership.

N-1 respectfully requests that the \$2,820 in fees associated with the involuntary transfer of control applications for the Licenses be deferred or waived as requested herein. No filing fee or FCC Form 159 is being submitted due to the financial hardship.

Kindly date-stamp the enclosed "Stamp and Return" copy of this filing and return it to our offices using the enclosed envelope.

Please contact the undersigned counsel should you have any questions.

Respectfully submitted,

Stephen E. Coran

FY 2010 Regulatory Fee Penalty Waiver Request
Filed 9-23-10
Fee Control No. RROG-10-0013227
Regulatory Fee Amount: \$ 10,810.00
Late Penalty Amount: \$ 2,702.50
Date Regulatory Fee Paid: 9-3-10
Date Late Penalty Paid: Not Paid

Dear Mr. Shumway:

This letter responds to the above-referenced request for waiver of the penalty for late payment of FY 2010 regulatory fees. For the reasons stated herein, your waiver request is denied.

Section 9(a)(1) of the Communications Act states that the Commission "shall assess and collect regulatory fees" to recover the costs of its regulatory activities.¹ Section 9(c)(1) provides that "[t]he Commission shall prescribe by regulation an additional charge which shall be assessed as a penalty for late payment of fees required" by Section 9(a) and that "[s]uch penalty shall be 25 percent of the amount of the fee which was not paid in a timely manner."² The Commission's regulations provide that "[a]ny late payment or insufficient payment of a regulatory fee, not excused by bank error, shall subject the regulatee to a 25 percent penalty of the amount of the fee . . . which was not paid in a timely manner."³ For FY 2010, the deadline for paying regulatory fees was August 31, 2010.⁴

You paid your regulatory fees after the August 31, 2010, deadline for filing regulatory fees, and therefore failed to meet this obligation. The Commission has repeatedly held that "[l]icensees are expected to know and comply with the Commission's rules and regulations and will not be excused for violations thereof, absent clear mitigating circumstances."⁵ The assertion in your request, that the deadline was earlier than in previous years and/or that the notice period was shorter or sooner than expected does not

constitute circumstances sufficient to mitigate your obligation to pay the FY 2010 regulatory fees by the announced deadline of August 31, 2010.

In *Assessment and Collection of Regulatory Fees for Fiscal Year 2010*, 25 FCC Rcd 9278, 9279 (2010) (*2010 Report and Order*), which was adopted on July 8, 2010, and released on July 9, 2010, the Commission stated that “[c]onsistent with our established practice, we intend to collect these [FY 2010] regulatory fees during an August 2010 filing window.” On August 9, 2010, the Commission announced the August 31, 2010, due date for filing the FY 2010 regulatory fees.⁶ Given that the Commission announced an August 2010 filing window on July 9, 2010, and adopted the August 31, 2010, due date on August 9, 2010, we find that you had ample notice of the filing deadline to ensure compliance with their FY 2010 regulatory fee payment obligations.

Confusion regarding the deadline for payment or concerning the use of the Fee Filer system does not provide sufficient grounds for a waiver of the regulatory fees rules, particularly given the Commission’s announcement regarding the August 2010 filing window and access to instructions for Fee Filer access in the *2010 Report and Order*.⁷ Moreover, history of timely payment of the regulatory fee does not provide sufficient grounds to support a waiver of the late payment penalties.⁸ Further, any assertion that payment was “only a little late” does not rise to the showing required for a waiver; although the Commission has waived late fees on a showing of good cause, neither the statute nor the Commission’s regulations contemplates a waiver of or reduction in the late payment penalty based on the amount of time after the deadline within which the regulatee satisfies its payment obligations.⁹ Finally, Section 9(c)(1) does not limit the late payment penalty to regulatees whose failure to pay was knowing or willful. In short, the Commission has waived the Section 9(c)(1) penalty “only in the most extraordinary circumstances”¹⁰ and we find no such extraordinary circumstances here. Your request for waiver or reduction of the penalties for late payment of the FY 2010 regulatory fees is denied.

If you did not pay the FY 2010 regulatory fees and the associated late penalty in full, payment of the regulatory fees and late penalties is now due. The payments should be submitted, together with a Form 159 (copy enclosed), within 30 days of the date of this letter.

Dear Mr. Law:

This letter responds to the above-referenced request for waiver of the penalty for late payment of FY 2007 regulatory fees. For the reasons stated herein, your waiver request is denied.

Section 9(a)(1) of the Communications Act states that the Commission “shall assess and collect regulatory fees” to recover the costs of its regulatory activities.¹ Section 9(c)(1) provides that “[t]he Commission shall prescribe by regulation an additional charge which shall be assessed as a penalty for late payment of fees required” by Section 9(a) and that “[s]uch penalty shall be 25 percent of the amount of the fee which was not paid in a timely manner.”² The Commission’s regulations provide that “[a]ny late payment or insufficient payment of a regulatory fee, not excused by bank error, shall subject the regulatee to a 25 percent penalty of the amount of the fee . . . which was not paid in a timely manner.”³ For FY 2007, the deadline for paying regulatory fees was September 19, 2007.⁴

presented circumstances sufficient to mitigate the obligation to pay the regulatory fees at issue by the announced deadline.

The circumstances asserted in your waiver request, including your assertion that the Commission did not notify OPEX Communications, Inc. that it had failed to make its FY 2007 regulatory fee payment until 2010, do not constitute clear mitigating circumstances to support a waiver of the regulatory fee.⁶ Accordingly, your request for waiver and/or reduction of the penalty for late payment of the FY 2007 regulatory fee is denied.

Payment of the FY 2007 regulatory fees and the associated late penalty is now due. The payments should be submitted, together with a Form 159 (copy enclosed), within 30 days of the date of this letter.

Dear Mr. Alfieris:

This letter responds to your request, referenced above, for waiver of regulatory fee ("Regulatory Fee"). Our records reflect that the fee has not been paid. For the reasons stated herein, we grant your request.

FY 2010 Regulatory Fee Waiver Request
Filed 8-31-10
Fee Control No. RROG-10-0013107
Regulatory Fee Amount: \$ 415.00

Dear Mr. Alfieris:

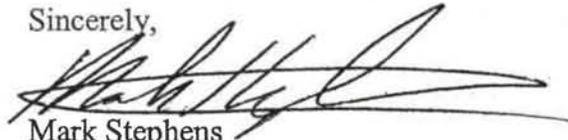

This letter responds to your request, referenced above, for waiver of regulatory fee ("Regulatory Fee"). Our records reflect that the fee has not been paid. For the reasons stated herein, we grant your request.

Our records reflect that the license for the above-referenced station ("Station") was cancelled prior to the due date for filing the Regulatory Fee in question, or that you filed for Special Temporary Authority ("STA") for the Station to remain silent prior to the due date and that the Station was still silent on the due date.

The Commission has determined that the imposition of a regulatory fee could be an impediment to the restoration of service by dark stations and that it therefore would waive the fee requirement for stations which have ceased operation.¹ Because our records reflect that you were not operating the Station on the date that the Regulatory Fee in question was due, we grant the request for waiver of the Regulatory Fee.

If you have any questions concerning this matter, please contact the Revenue & Receivables Operations Group at (202) 418-1995.

Sincerely,

Mark Stephens
