Hi Martin,

I am looking forward to meeting you in person, please let me know what your schedule looks like next week. I was hoping to meet with you and John for a quick bite over at City line Ave if that works out for you.

Please feel free to forward me any E-Rate RFP you have and I will get the proposals for you.

Thanks

Hi Christine,

They all go to the schools, not me. They all have different due dates, for instance, Richard Allen is January 14.

Imhotep will not be back until January 7th. If you have questions about any specific school, I can see if they will grant an extension.

Thanks for RFP's. Would it be possible to provide you with quotes instead of formal responses since we only have until Jan 3rd and 4th to reply? The quotes have all of the pricing and T&C's included.

Please advise ASAP.

Thanks

I cannot change what the RFP asks. You would have to contact each school and make that request. We do have 2-4 weeks before the proposal are due.

Subject: Cabling Questions

Hi Martin,

Please see below for questions we have regarding some of the cabling requirements.

Richard Allen – Philly
8 - Can we get a print?

Maritime Academy – Philly
6 - Are the fiber and 25 pair runs between buildings underground or aerial?
Do they want the 25 pair to be CAT 6

Franklin Towne – Philly

8 – Existing or new building?

Six different multi mode – 6 strand - fiber runs?

Underground or aerial between buildings?

States Ethernet ports encased in conduit. Is this power pole or molding?

Thanks,
Mike

Sir,

I called you last week about an opportunity that was back in October so I was a little late. We would welcome the opportunity to earn your business on future projects. Black Box as you may know is a national company that can virtually handle any voice or cable infrastructure need.

If you would like to have a meeting to discuss further what we can do and more importantly what you require please give me a call.

Have a great holiday.
cheers
