

MOBILE BROADBAND

WHAT IS MOBILE BROADBAND ANYWAY?

At Best Buy Mobile™, we know you're always on the move. With a mobile broadband connection for your laptop, netbook or any other Wi-Fi device, you can connect to the web from practically anywhere, anytime.

THE BUSINESS TRAVELER

Stay on top of your work with mobile broadband that lets your office go wherever you do. Access e-mails, meeting schedules, contact information and the latest business news with Internet on the go.

THE VACATIONER

Make the most of your travels with Internet access from practically anywhere. Check out museum hours, language translations, road maps, public transit schedules and so much more with mobile broadband.

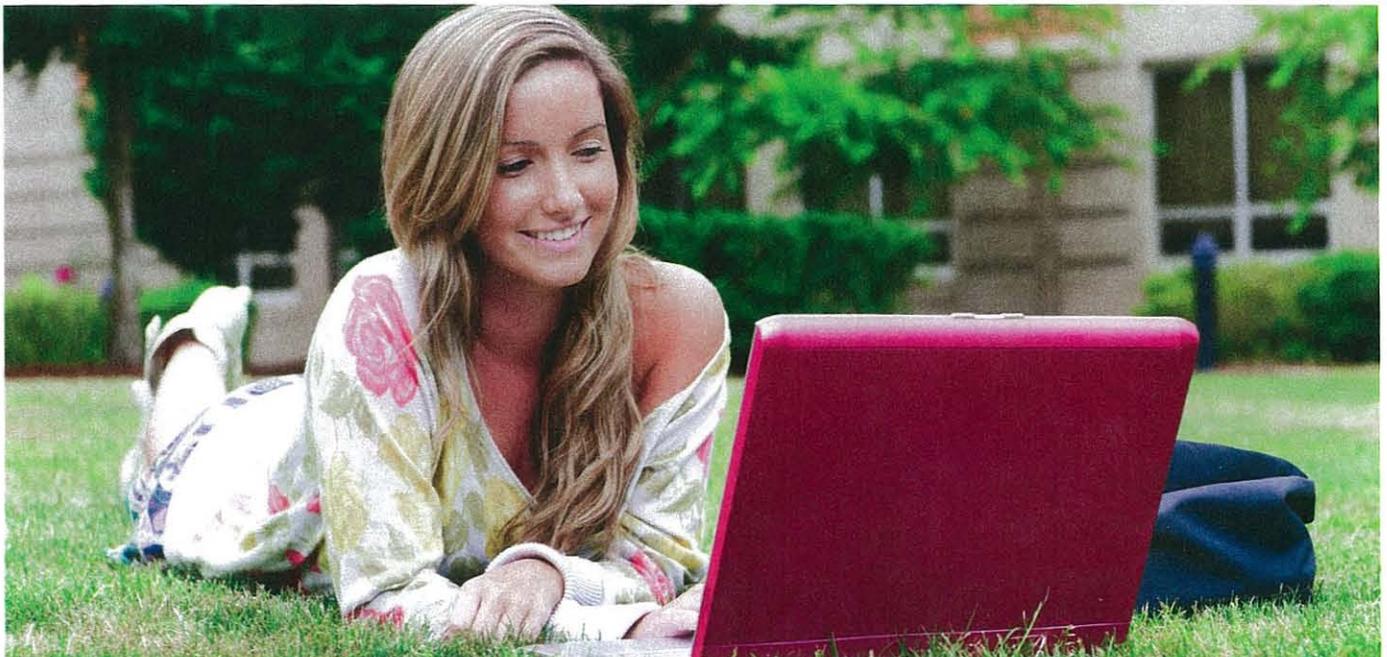

THE ON-THE-GO MOM

Managing your family calendar is easier than ever with mobile broadband. Connect at the click of a button to GPS, school schedules, after school activities, book club calendars and everything you do in your busy life.

THE STUDENT

Skip the computer lab lines and connect from anywhere on campus with mobile broadband. Stay connected to your social media, movies, music, news and, oh yeah, homework, from practically anywhere.

HOW DO YOU WANT TO CONNECT?

There are several ways to connect. Find the best for you...

Mobile Broadband USB

Simply plug a mobile broadband USB into any laptop or netbook for instant Internet access anywhere you receive mobile service.

Embedded Laptops and Tablets

Mobile broadband is built in to select your computers. The built-in technology picks up the wireless broadband signals so the connection can always be on and working anywhere you receive mobile service.

Mobile Hotspot

Mobile Hotspot Technology allows up to 8 other Wi-Fi-capable devices to connect to the Internet. The multi-device connection is fast, secure and available anywhere you can make a mobile phone call.

CHOOSE THE BEST OPTION FOR YOU

MONTHLY CONTRACT
A SET USAGE AMOUNT EACH MONTH FOR CONTINUED CONNECTIVITY.

Based on download speed comparison of 3G's 600 Kbps to 4G's 6 Mbps. Industry published 3G avg. speeds (600 kbps - 1.7 Mbps). 4G avg. speeds (3-6 Mbps). 4G available in select markets - see in-store for details. Actual speeds may vary by plan or based on other factors. Carriers, coverage and products may vary by store. Available in New Jersey. Carrier requirements may include data plan subscription, credit approval, usage fees and termination fees. See a Mobile Phone Specialist for details.

WHY WE LOVE OUR PHONES – THIS MONTH FEATURING MARY J. BLIGE

Best Buy Mobile™ brings you smartphones and smart plans all in one place. You can always chat with one of our Mobile Phone Specialists to get impartial, informed advice and find the right smartphone for you.

This month we talk to Mary J. Blige, actress, producer, songwriter and one of the most popular singers of all time, with eight multi-platinum albums as well as nine Grammy awards for Rap, Gospel, R&B and Pop. We caught up with Mary J. Blige as she shared the recent release of her newest album, "My Life II...The Journey Continues (Act 1)".

MARY J. BLIGE

– SINGER-SONGWRITER, ACTRESS AND PRODUCER

What function do you like best about your smartphone?

The function I like the most about my phone is the new Siri function that lets you speak into your phone and it literally does what you ask. As well as being able to download any app you want. There is an app for everything.

What's your favorite app and why?

I have several apps that are my favorite. The Weather Channel, Living Social, YouTube and most of all Twitter because I love interacting with my fans that I appreciate so much.

How much do you use your phone?

I use my phone often!

How do you use your phone?

I use my phone in many ways. I actually used my phone to write the lyrics to "The Living Proof", which is a song on my new album, "My Life II...The Journey Continues (Act 1)" as well as in the movie "The Help". I use Pandora and my iPod function on my phone a lot too.

Mary J. Blige's new album "My Life II...The Journey Continues (Act 1)" is available in stores.

See more in-store or at BestBuy.com

Monthly4G plans provide access to wireless service; capable device required to achieve 4G speeds. T-Mobile's HSPA+ 4G network, including increased speeds, not available everywhere. See coverage details at T-Mobile.com.

Limited time offer; subject to change. Taxes and fees additional. Not all plans or features available on all devices. **Unlimited features for direct U.S. communications between 2 people.** **Prepaid Monthly Plans:** Features available for 30 days; if sufficient account balance, plans automatically renew at the end of 30 days. If balance is insufficient to renew for 60 days, account will be converted to Pay As You Go. **Pay As You Go:** Service available for 90 days (one year for Gold Rewards) after activation/refill/conversion. After that, your account will be suspended and no service will be available. Gold Rewards requires activation of \$100 in refills; you must refill while on Pay As You Go plan to obtain full Gold Rewards benefits. **General Terms:** Sufficient balance required to use service. Plan features available for domestic use only; additional charges apply for international use. Calls rated on a per-minute basis; partial minutes rounded up for billing. Data usage rounded up to the nearest KB each use. Domestic and international data roaming not available. **Prepaid Mobile Broadband Plans:** Pass required to use service. Service available for time period and/or usage amount provided by Pass. For time period, a day is 12:00 a.m. to 11:59 p.m., based on the time zone associated with your mobile broadband account phone number. Usage rounded up to the nearest KB each session; 1024 KB = 1 MB. Only one Pass may be active at a time. Account suspended after 365 days of inactivity. Data only; does not include voice, messaging or Wi-Fi services. Domestic only; no international or domestic roaming. **Messaging:** You will be charged for all messages you send and that are sent to you even if they aren't received. Length/size of messages may be limited. **Data:** Your data session, plan or service may be slowed, suspended, terminated or restricted if you use your service in a way that interferes with or impacts our network or ability to provide quality service to other users, if you roam for a significant portion of your usage or if you use a disproportionate amount of bandwidth during a billing cycle. Some devices require specific data plans. You may not use your plan or device for prohibited uses. Domestic use only. Some devices may transmit and receive data without any user action, which may result in unexpected charges when you travel internationally. Device and screen images simulated. **Coverage:** Coverage not available everywhere. **Abnormal Usage:** Service may be limited or terminated for misuse, abnormal usage or significant roaming. See brochures and Terms and Conditions (including arbitration provision) at www.T-Mobile.com for additional information.
