**APPLICATION FOR STREAMLINED TRANSFER OF CONTROL  
OF DOMESTIC BLANKET SECTION 214 AUTHORIZATION**

North Dakota Telecom I, LLC and Southeast Rural Vision Enterprises Co. (collectively, "the Transferors"), the current member-owners of IdeaOne Telecom Group, LLC ("IdeaOne" or "Licensee"; FRN: 0021281381), and Hickory Tech Corporation ("HickoryTech" or "Transferee"; FRN: 0014218275) hereby request Commission authorization for the transfer of control of IdeaOne, which holds blanket domestic Section 214 authorization for interstate exchange access services and interstate interexchange services, from the Transferors to HickoryTech.

IdeaOne is a non-dominant, competitive local exchange carrier ("CLEC") whose headquarters is located at 3312 42<sup>nd</sup> Street South (Suite 100) in Fargo, North Dakota 58104. IdeaOne provides local exchange telephone services and interstate exchange

access and long distance toll services in the Fargo and West Fargo, North Dakota, and Moorhead, Minnesota areas.

HickoryTech is a publicly-traded (NASDAQ: HTCO) telecommunications company whose headquarters is located at 221 East Hickory Street (P.O. Box 3288) in Mankato, Minnesota 56002-3248. HickoryTech provides telecommunications services through its incumbent and competitive local exchange carrier subsidiaries, which provide local exchange telephone services and interstate exchange access and long distance toll services in Minnesota, South Dakota and Iowa (but not in the Moorhead, Minnesota area).

The proposed transaction entails the purchase by HickoryTech of all of the member/ownership interests in IdeaOne. HickoryTech will become the direct parent company of IdeaOne, while IdeaOne will become a wholly-owned subsidiary of HickoryTech. Control of IdeaOne will give HickoryTech control of the blanket domestic Section 214 authorization held by IdeaOne. The transaction will be transparent to IdeaOne's customers. After completion of the transaction, the current customers of IdeaOne will continue to be served by IdeaOne pursuant to IdeaOne's existing domestic Section 214 authorization.

This application qualifies for presumed streamlined treatment pursuant to Section 63.03(b)(2)(ii) of the Commission's Rules because: (1) both before and after completion of the proposed transaction, Transferee and its Affiliates (as that term is defined in Section 3(1) of the Act, 47 U.S.C. § 153(1) ("Affiliates") will have a market share in the interstate, interexchange market of substantially less than 10 percent; (2) Transferee will acquire control of IdeaOne facilities and operations that provide competitive telephone

exchange services and exchange access services exclusively in geographic areas served by a dominant local exchange carrier (CenturyLink, formerly Qwest) that is not a party to the transaction; and (3) HickoryTech has Affiliates that are dominant carriers while IdeaOne is a non-dominant carrier that provides services exclusively outside the geographic areas where HickoryTech's existing Affiliates are dominant.
