## **COMMENTS INVITED ON APPLICATION OF COMM SOUTH COMPANIES, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

**WC Docket No. 05-284**  
**Comp. Pol. File No. 726**

**Comments Due: October 27, 2005**

### **Section 214 Application**

**Applicant: Comm South Companies, Inc. also d/b/a Alabama Comm South Corp., Arkansas Comm South, Inc., Florida Comm South, Altair Communications, Inc., Mississippi Comm South, Missouri Comm South, Inc., E-Z Tel. Inc., Comm South in Tennessee, and Comm South Companies VA, Inc.**

On September 27, 2005, Comm South Companies, Inc. also d/b/a Alabama Comm South Corp., Arkansas Comm South, Inc., Florida Comm South, Altair Communications, Inc., Mississippi Comm South, Missouri Comm South, Inc., E-Z Tel. Inc., Comm South in Tennessee, and Comm South Companies VA, Inc. (Comm South or Applicant), located at **8035 E. R.L. Thornton, Suite 410, Dallas, TX 75228**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of certain domestic telecommunications services in Alabama, Arizona, Arkansas, California, Colorado, the District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Carolina, Oklahoma, Oregon, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, Washington, West Virginia, and Wyoming. By amendments and notices filed on October 4, October 11, and October 13, 2005, Comm South corrected certain deficiencies in its initial application by providing clarification and updating the record regarding its notice to customers. Accordingly, the application, as amended, is deemed complete and officially filed with the Commission on October 13, 2005.

Comm South indicates that it provides pre-paid local, domestic interstate and international long distance services to residential and business customers in the above-mentioned geographic locations. Comm South clarifies that the pre-paid services it provides do not require a credit check or deposit, and that payment for the services must be received by the payment due date and prior to the actual service period in order to assure that customer service continues uninterrupted. Comm South specifies that it provides pre-paid domestic local and interstate long distance service to approximately 500 residential customers, and to one business customer located in Michigan. Comm South further clarifies that it

provides services to two business customers for the provision of payphone services. Comm South states, however, that it is now before the U.S. Bankruptcy Court for the Northern District of Texas, Dallas Division, and subject to Chapter 7 bankruptcy protection. Comm South indicates that, consequently, it is in the process of liquidating its business and its assets, including discontinuing all telecommunications services.

Comm South proposes to discontinue its provision of pre-paid local, domestic interstate, and international long distance services<sup>1</sup> to residential customers on October 10, 2005, and to its business customer located in Michigan on October 26, 2005, or as soon thereafter as the necessary state and federal authorizations have been obtained. Comm South also indicates that the U.S. Bankruptcy Court overseeing the Comm South bankruptcy has approved an agreement between Comm South and one of its payphone business customers whereby Comm South will continue to provide business lines for that customer's provision of payphone services through December 31, 2005, in order to allow the customer's transition to another carrier. Comm South proposes to discontinue its provision of service to this payphone business customer in compliance with the court approved agreement, on January 1, 2006. Comm South also proposes to discontinue its provision of service to its other payphone business customer on January 1, 2006. Comm South states that it provided affected residential customers with written notification of its planned discontinuance by first class U.S. mail on September 10, 2005. Comm South further states that it provided written notice to its business customer located in Michigan on September 26, 2005. Comm South indicates that, out of an abundance of caution, it provided written notice to its payphone business customers on October 11 and October 12, 2005, respectively. Comm South asserts that it is non-dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, Comm South's application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Comm South that the grant will not be automatically effective. In Comm South's application and notice to its customers, Comm South indicates that it anticipates discontinuing service to residential customers on October 10, 2005, to its business customer in Michigan on October 26, 2005, and to its payphone business customers on January 1, 2006. Accordingly, pursuant to section 63.71(c) and the terms of Comm South's application, absent further Commission action, Comm South may not terminate service to its residential customers and its business customer in Michigan until **November 13, 2005**, and Comm South may not terminate service to its payphone business customers until **January 1, 2006**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **October 27, 2005**. Such comments should refer to **WC Docket No. 05-284 and Comp. Pol. File No. 726**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments filed through the ECFS can be sent as an electronic file
